- Nosocomial pneumonia, not prevented by protective contact isolation in ICU, 1140

O

- Objective structured clinical examination (OSCE), technical skill stations correlate with postgraduate year level than clinical skill stations, 323
- Obturator hernia, typical *vs.* atypical presentation of, 191
- Octylcyanoacrylate tissue adhesive, as alternative to mechanical fixation of expanded ePTFE prosthesis, 974
- Oncoscint scan to assess resectability of hepatic metastases from colorectal cancer, use of, 1200
- Operating room environment, game theory in, 92
- Osteomyelitis, placement of venous catheters and surgical debridement for treatment of, 790

P

- Pancreas
- and/or duodenal trauma, infectious complications following, 227
 - intraductal papillary-mucinous tumor of, assessing grade of malignancy from natural history, 400
 - solid and papillary epithelial neoplasms of: resection for cure, 1195
- Pancreaticoduodenectomy, age not a contraindication to, 270
- Pancreaticojejunostomy, lateral, immediate and long-term outcomes after, for chronic pancreatitis, 478
- Pancreatitis
- chronic
 - hereditary, implications for surgical treatment and follow-up, 182
 - immediate and long-term outcomes after lateral pancreaticojejunostomy for, 478
 - intraoperative electrohydraulic lithotripsy improve outcome in surgical management of, 533

- outcome of surgical treatment of, associated with sphincter of Oddi dysfunction, 462
- surgical management for, 487
- lethal, interleukin-10 attenuates proinflammatory cytokine production and improves survival in, 237
- Papillary thyroid cancer, secondary hyperparathyroidism: evidence for association with, 397
- Para-aorta mass, ectopic supernumerary kidney causing, 657
- Paraesophageal hiatal hernias, mesh crural repair of large, 1170
- Paraneoplastic hypercalcemia with adenocarcinoma of colon, 585
- Parathyroid carcinoma, complication of, disseminated brown tumors from hyperparathyroidism masquerading as metastatic cancer, 951
- Parathyroidectomy, total/near-total, or thyroidectomy, evaluating serum calcium levels in predicting hypoparathyroidism after, 249
- Parathyromatosis, risk of, after fine-needle aspiration, 290
- Pelvic desmoid tumor: threat to mother and fetus, 1213
- Pelvic radiographs, blunt trauma and role of routine, 849
- Percutaneous endoscopic gastrostomy, in patients with open abdomen, 913
- Perforated necrotizing enterocolitis (NEC) in low-birth weight neonate, independent of type of surgical treatment, 752
- Perianal sepsis, in immunosuppressed patients, management of, 484
- Peritonitis, primary Group A streptococcal, rare case of, 633
- Pleural adhesions on pediatric cystic fibrosis patients undergoing lung transplantation, effect of, 1136
- Pleurodesis, talc, new technique, 467
- Pneumodissection, extra-abdominal, after laparoscopic antireflux surgery, 885
- Pneumectomy, perioperative factors as predictors of operative mortality and morbidity in, 318
- Pneumonia, nosocomial, not prevented by protective contact isolation in ICU, 1140
- Pneumonia, post-traumatic, early predictors for, 105
- Pneumonias, chlamydia, in atherosclerotic carotid artery plaques: prevalence among heavy smokers, 589
- Pneumoperitoneal pressure, effect on dissemination and recurrence of tumor at port-site and midline incisions, 369
- Pneumothorax
 - after nasogastric feeding tube placement, 772
 - ultrasound evaluation of magnitude of, 232
- Poloxamer gel, and chitosan membrane, effect on postoperative adhesive interactions, 15
- Polymerase chain reaction (PCR), for detection of bacteremia, 508
- Polyp, malignant, adult intussusception due to, 351
- Polytetrafluoroethylene prosthesis, OCTYL tissue adhesive as alternative to mechanical fixation of expanded, 974
- Popliteal artery injury, associated with knee dislocations, 165
- Positron emission tomography (PET), scanning for metastatic evaluation, incidental thyroid carcinoma identified by, 582
- Postoperative acute cholecystitis (PAC), in immediate postoperative period following esophagogastrectomy, 97
- Postoperative analgesia, after inguinal herniorrhaphy, topical *vs.* infiltrative bupivacaine and intravenous meperidine for, 447
- Postsplenectomy thrombocytosis, pseudohyperkalemia secondary to, 168
- Pregnancy
 - delay in treatment of biliary disease during, increases morbidity, avoiding with safe laparoscopic cholecystectomy, 539
 - and thromboembolic disease, 641
- Preoperative radiographic staging, for ureteral injuries, not warranted in patients undergoing celiotomy for trauma, 969
- Primary Group A streptococcal peritonitis, rare case of, 633
- Primary venorrhaphy, for traumatic inferior vena cava injuries, 207
- Prostate cancer, rectourethral fistula and massive rectal bleeding from iodine-125 prostate brachytherapy, 131
- Pseudohyperkalemia, secondary to postsplenectomy thrombocytosis, 168
- Pulmonary artery catheterization, routine perioperative, no effect on rate of complications in vascular surgery: meta-analysis, 674

R

- Radiation after mastectomy in high-risk patients, 1209
- Radical resection improves survival for patients with pT₂ gallbladder carcinoma
 - 1041
- Radiographic studies in nonoperative management of spleen trauma, 22
- Radiology coverage essential to avoid mistakes in trauma patients, 1175
- Raynaud's phenomenon, severe, data on spinal cord stimulation for treating, 1096
- Rectal cancer, asymptomatic renal neoplasms in, 1162
- Rectal carcinoma, local excision of, 774
- Rectal examination, digital, for trauma, 438
- Rectal prolapse, search for "best" operation, 622
- Redundant arterial segment, use of resected, techniques in treatment of carotid artery kinking, 67
- Renal artery injury, blunt: incidence, diagnosis, and management, 550
- Renal disease on survival in acutely injured trauma patients, pre-existing end-stage, 693
- Renal dysfunction, cell-saver blood administration and free hemoglobin load cause of, 44
- Renal hyperparathyroidism (HPT), refractory, clinical features and outcome of surgical therapy, 310
- Renal neoplasms, asymptomatic, in rectal cancer, 1162
- Resident operative experience, nonoperative management of solid visceral injuries adversely affected, 597
- Respiratory distress syndrome, treatment of severe acute, report on phase I study, 377
- Restorative proctocolectomy, surgical treatment of severe colonic inertia with, 36
- Resuscitation room, trauma attending in, affect on outcome, 611
- Retroperitoneal approach, complication of: intercostal abdominal hernia, 635
- Routine patching, and intraoperative scanning, decreased recurrent carotid stenosis by, 328

S

- Scapulothoracic dissociation, and traumatic forequarter amputation, 868
- Secondary hyperparathyroidism (SHPT), association with papillary thyroid cancer, 397
- Sentinel lymph node biopsy
 - in breast cancer, utility of frozen section in, 529
 - for T₂ and T₃ breast cancers, 522
- Sentinel node biopsy, institutional learning curve for, at teaching hospital, 1030
- Sepsis
 - perianal in immunosuppressed patients, 484
 - triiodothyronine augmentation on antithrombin III levels in, 253
- Serum amylase, and lipase elevation associated with intracranial events, 215
- Serum calcium, evaluating in predicting hypoparathyroidism after total/near-total thyroidectomy or parathyroidectomy, 249
- Serum troponin levels in evaluating cardiac injury, usefulness of, 821
- Sestamibi-positive *vs.* -negative patients with primary hyperparathyroidism, 1101
- Shock
 - hemorrhagic, changes in mucosal immunity after, 797
 - hypovolemic, delayed vaccination not improving antibody responses in splenectomy with, 834
- Skin wire markers, not using on skin scars after breast-conserving surgery, 179
- Solid and papillary epithelial neoplasms of pancreas: resection for cure, 1195
- Solitary fibrous tumors (SFT), arising in abdominal wall hernia sacs, 577
- Somatostatin receptor-mediated *in situ* radiation, antiangiogenic therapy with, 1068

- Sonography, evaluating blunt abdominal trauma with, cost analysis, 930
- Southeastern Surgical Congress, history of Gold Medal Papers of, 505
- Sphincter of Oddi dysfunction (SOD), outcome of treatment of chronic pancreatitis associated with, 462
- Spinal cord stimulation for treatment of severe Raynaud's phenomenon, data on, 1096
- Spleen
isolated colon cancer metastasis to, 454
and liver injuries, concomitant blunt enteric injuries with, 221
- Spleen trauma, role of follow-up radiographic studies in nonoperative management of, 22
- Splenectomy
delayed vaccination not improving antibody responses in, with hypovolemic shock, 834
laparoscopic
ascendancy of, 48
in patients with normal-sized spleens vs. splenomegaly, 854 vs. open, in children, 859
- Splenic, blunt, and hepatic trauma in children, nonoperative management of, 149
- Splenic abscess, 80
- Splenic involvement, multiloculated peritoneal inclusion cysts with, 619
- Splenic trauma in children, follow-up abdominal CT after, 127
- Staphylococcal postoperative toxic shock syndrome (PTSS) due to pre-existing staphylococcal infection, 745
- Stereotactic breast biopsy, 572
- Stereotactic vacuum-assisted biopsy (SVAB), reliability of histologic diagnosis of breast cancer with, 388
- Stress ulceration requiring surgery after severe trauma, 875
- Subtotal colectomy with ileorectal anastomosis, 417
- Supine reflux, isolated upright and isolated, crura and crura-sphincter pressure dynamics in patients with, 1150
- Surgery
breast-conserving, wires not used on skin scars after, 179
definitive, stress ulceration requiring, after severe trauma, 875
future of, and surgical organizations, 499
gastrointestinal granulocytic sarcoma requiring, 764
major abdominal, intraoperative and early postoperative gastric intramucosal pH predicts morbidity and mortality after, 303
Monet's cataract, 196
vascular
perioperative pulmonary artery catheterization, 674
telemedicine in, 334
- Surgical debridement, and long-term central venous catheters, for treating osteomyelitis, 790
- Surgical intensive care unit, cyanide toxicity, 684
- Surgical management
for chronic pancreatitis, 487
of chronic pancreatitis, intraoperative electrohydraulic lithotripsy, 533
- Surgical therapy, refractory renal hyperparathyroidism, features and outcome of, 310
- Surgical treatment
of chronic pancreatitis associated with sphincter of Oddi dysfunction, 462
and follow-up, hereditary chronic pancreatitis, 182
- T**
- Talc pleurodesis, new technique, 467
- Tc-99m sestamibi scintimammography in detecting multicentric breast cancer, 1204
- Technical skill stations, correlate with postgraduate year level than clinical skill stations, OSCE, 323
- Telemedicine (TM), in vascular surgery, 334
- Thermal injury, in elderly, 704
- Thoracic Aorta, traumatic rupture of, presenting physiology and associated injuries on outcome following, 61
- Thoracic computerized tomography (TCT), in blunt chest trauma, 660
- Thoracic gunshot wounds, blood pressure effects of, 354
- Thoracoscopic evacuation of post-traumatic hemothorax, timing, safety, and efficacy of, 1165
- Thou long intestinal tube (LIT), means of preventing postoperative bowel obstruction, 357
- Thrombocytosis, postsplenectomy, pseudohyperkalemia secondary to, 168
- Thromboembolic disease, and pregnancy, 641
- Thyroid
cancer, papillary, secondary hyperparathyroidism: evidence for association with, 397
carcinoma, incidental, identified by PET scanning obtained for metastatic evaluation, 582
follicular neoplasms of: predictors of malignancy, 880
gland, mucocystic carcinoma of: case report and suggested surgical approach, 979
surgery, loop-forming duplicate recurrent laryngeal nerve, 992
- Thyroidectomy, total/near-total, or parathyroidectomy, evaluating serum calcium levels in predicting hypoparathyroidism after, 249
- Torsion, acute necrotizing, of gallbladder, 748
- Toupet fundoplication and laparoscopic anterior esophageal myotomy for achalasia, 1059
- Tracheal obstruction, mechanical, due to intramural esophageal hematoma following endoscopic variceal sclerotherapy, 690
- Tracheostomy
comparison of safety and cost of percutaneous vs. surgical, 54
open vs. percutaneous dilational, efficacy and cost analysis, 297
- Transcutaneous oxygen measurements predict response to hyperbaric oxygen therapy in nonhealing wounds and critical limb ischemia, 1072
- Transfemoral extraction of intracardiac bullet embolus, 361
- Trauma
abdominal vascular, in modern era, results with, 565
attending in resuscitation room, affect on outcome, 611
blunt
cardiac, usefulness of serum prothrombin levels in evaluating, 821
chest, efficacy of thoracic computerized tomography in, 660
concomitant, enteric injuries with injuries of liver and spleen, dilemma for trauma surgeons, 221
innominate artery, 757
nonoperative management of solid abdominal organ injuries from: impact of neurologic impairment, 793
pediatric, hepatic, nonoperative management of, 138
renal artery injury: incidence, diagnosis, and management, 550
and role of routine pelvic radiographs, 849
splenic and hepatic, nonoperative management of, in children, adult vs. pediatric surgeons, 149
digital rectal examination for: patient need, 438
duodenal and/or pancreatic, infectious complications following, 227
inferior vena cava injuries
primary venorrhaphy for, 207
patients, acutely injured, impact of pre-existing end-stage renal disease on survival in, 693
patients, assessment and outcome of observation-status, alcohol intoxication altering, 1110
patients, radiology coverage essential to avoid mistakes in, 1175
-specific intensive care units, cost effective and reduced hospital stay, 665
splenic, in children, follow-up after abdominal CT after, 127
surgeons render definitive vascular repair in peripheral vascular injuries, 427
- Traumatic head injury in anticoagulated elderly patient: lethal combination, 1098
- Traumatic intrahepatic arterioportal fistula, mesenteric ischemia, 865
- Triiodothyronine (T3), effects of augmentation on antithrombin III levels in sepsis, 253
- Trimodality therapy, for advanced gallbladder cancer, 277
- Tumor(s)
brown, from hyperparathyroidism masquerading as metastatic cancer: complication of parathyroid carcinoma, 951

cell-cytokine interactions, model for, interferon $\alpha 2b$ inhibits murine melanoma cell line cloudman S91 in vivo not in vitro, 257
cells, uniclonal circulating, K-ras mutational analysis of polyclonal colorectal cancers identifies, 802
dissemination and recurrence at port-site and midline incisions, effect of pneumoperitoneal pressure on, 369
gastrointestinal stromal, analysis of clinical and pathologic factors, 135
liver
 benign and solid, relationship to sex, age, size of tumors and outcomes, 173
 hemangiomas, embolization for management of, 159
pancreas, intraductal papillary-mucinous: assessing grade of malignancy from natural history, 400
pelvic desmoid, threat to mother and fetus, 1213
solitary fibrous, in abdominal wall hernia sacs, 577

U

Ultrasonography, and cytology, value of, in assessing nodular lesions in Graves' hyperthyroidism, 721
Ultrasound, evaluation of magnitude of pneumothorax, 232
ureteral injuries, preoperative radiographic staging for, not warranted in patients undergoing celiotomy for trauma, 969

V

Vaginal metastasis, of colon cancer, 171
Vagus nerve stimulation (VNS), in children with intractable epilepsy, 119

Vascular repair, definitive, in peripheral vascular injuries, trauma surgeons render, 427
Vascular surgery, telemedicine in, 334
Venous catheters
 long-term central, placement of, and surgical debridement for treating osteomyelitis, 790
 routine chest X-rays after insertion of implantable long-term, 26
Vertebral fractures, "general surgical pearls" for anterior exposure of, 939
Visceral artery aneurysms (VAAs), experience in tertiary-care center, 432

W

Wound closure, tensile strength of, with cyanoacrylate glue, 1113
Wound(s)
 complications, laparoscopic ventral hernia repair reduces, 896
 healing, carcinoma arising in amputation stump, 495
 thoracic gunshot, blood pressure effects of, role of bullet image diameter, 354

X

X-rays, chest, after insertion of implantable long-term venous catheters, 26
